

The background is a dark, deep blue space filled with numerous glowing, wireframe cubes of varying sizes. These cubes are arranged in a somewhat chaotic but structured pattern, with some appearing to be in motion or floating. Bright, starburst-like light rays emanate from several points, primarily from the right side, creating a sense of depth and energy. The overall aesthetic is futuristic and high-tech.

# **CAREERS DEVELOPMENT DAY**

DR. KERRY PARKER

The  
University  
Of  
Sheffield.

2016 PhD Graduation

2016 Postdoctoral Fellow

2017 Data Researcher / Data Scientist

2020 Data Scientist

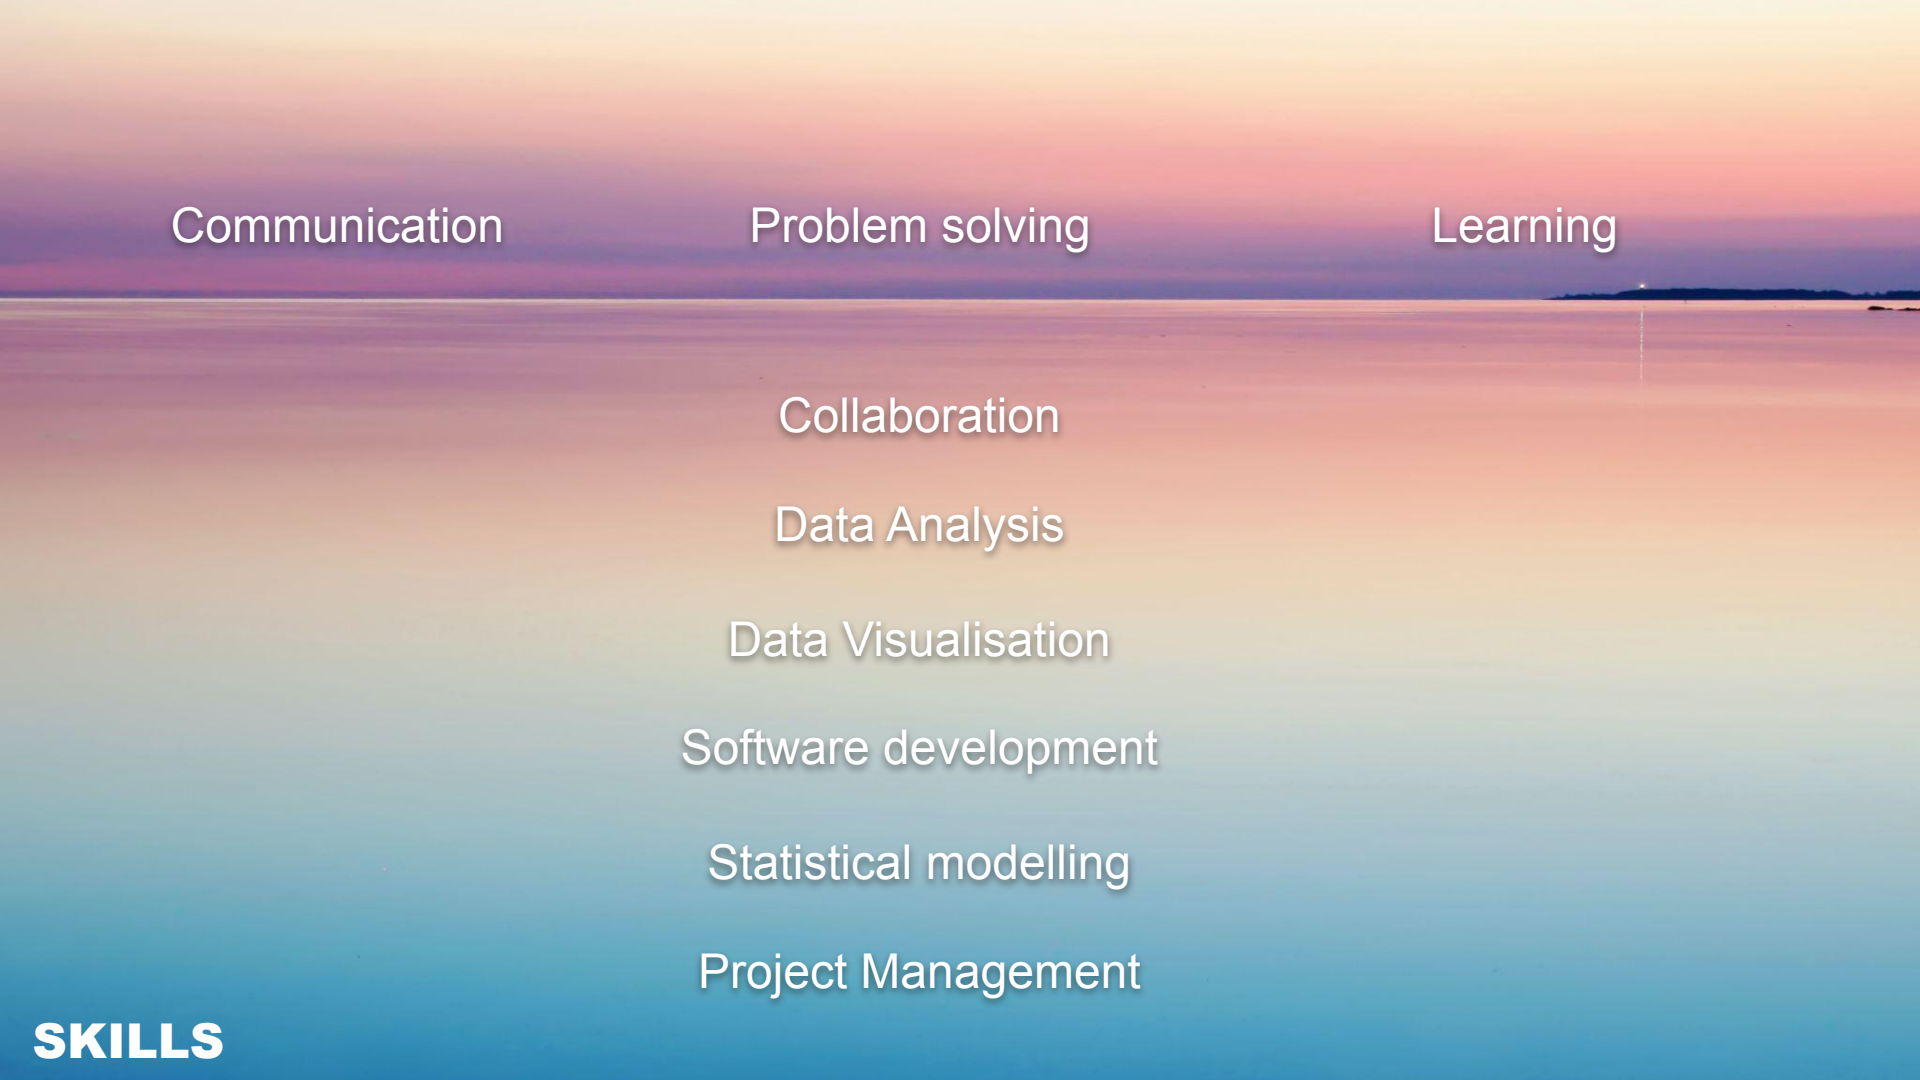

2021 Data Scientist
